The doors of the Caritas Baby Hospital in Bethlehem have stood open every day without interruption since 1952. All children and mothers – irrespective of religion, nationality or social origin – are welcome. For them the Caritas Baby Hospital has always been an oasis of calm and peace. Each year some 30,000 children are treated in the hospital’s outpatient clinic, while 4,000 children receive inpatient care in the hospital’s 82 beds. More than 500,000 children live in the area served directly by the Caritas Baby Hospital (Bethlehem and Hebron). For these children, not even basic health services are routinely available. This is why the Caritas Baby Hospital in Bethlehem is vital to the region’s health care system. It is the only hospital that integrates the mothers into its childcare concept.

WE ARE HERE – FOR CHILDREN AND MOTHERS WHO LIVE IN POVERTY AND INJUSTICE WITHOUT ANY BASIC HEALTH SERVICES.

WHO WE ARE

Children’s Relief Bethlehem is an international Christian charity that has been providing aid to people in need in the Holy Land since 1952. We provide aid to children and mothers and are committed to sustainable, holistic and social development.

We take the political realities in the Holy Land into account in our work and support efforts aimed at leading to social justice and peace. We believe it is important to build bridges of solidarity and of mutual understanding between peoples.

VISION

Children’s Relief Bethlehem aims to alleviate and eliminate the distress suffered by children and mothers.

We focus on providing health care, promoting the elementary education of children and young people, and providing women in particular with extensive assistance in teaching them to help themselves.

MISSION

Children’s Relief Bethlehem stands by the aims that have shaped and influenced the Caritas Baby Hospital since it was founded by Father Ernst Schnydrig. We are here – this is our mission. By means of social and charitable activities we contribute towards promoting understanding and peace among the peoples and different religions and creeds in the Holy Land.

Children’s Relief Bethlehem co-finances projects in the Middle East that place an emphasis on the principles of self help, taking the initiative and personal responsibility. The projects we support help underprivileged children, women and families in the areas of health, education and social work. Children’s Relief Bethlehem provides emergency relief and supports the reestablishment of social structures. The peace and reconciliation aspect of project support is important to us.

DONATE LIVES

Children spread peace over 30,000 times a year at the Caritas Baby hospital in Bethlehem.
